

FOUR COMPANIES OF MILITIA CALLED OUT TO QUEL RIOTING AND GUARD JAIL AT SALEM, ILL.

SHERIFF'S PRISONER CHARGED WITH ATTACKING FOURTEEN
YEAR OLD GIRL THREATENED BY ANGRY MOB

Leaderless Mob was Handled During Day by Sheriff Purcell
and His Deputies—Governor is LaterAppealed to for Assistance in Dispersing Crowd—Impromptu Vigilance Committee of Citizens Raids "Blind Tigers" and Destroys Much Liquor
—Quiet is Reported at an Early Hour This Morning.

SALEM, ILL., MARCH 14.—The jail at Salem is guarded tonight by three companies of militia and a fourth company is on the way here.

State troops were ordered out by Governor Dunne in response to a message from Sheriff Charles W. Purcell of Marion county that he was unable alone to cope with a situation arisen through the arrest of Frank Sullens white 21 years old, charged with an attack on Dorothy, the 14 year old daughter of Judge Charles Holt. All afternoon an angry mob of men swarmed through the streets and several times were dispersed from in front of the jail by Sheriff Purcell and a number of specially sworn in deputies.

The mob, though threatening jacked leaders, and was handled by Sheriff Purcell and his deputies though late in the afternoon the sheriff appealed to the governor for assistance. Militia from Olney, Shelbyville and Effingham were at once ordered to Salem and later the company at Altamont was dispatched.

Governor Dunne,

Springfield, Illinois,
"Send me at once 100 state militia. Crime of rape on little girl has been committed and the best citizens of the city, and almost everyone, are organizing into a mob to lynch the accused, Frank Sullens. I cannot hold out without support. Immediate action is necessary."

"C. W. Purcell,
Sheriff Marion County."
Immediately upon receipt of the above message Governor Dunne wired Sheriff Purcell as follows:

"Charles W. Purcell,
Sheriff Marion County,
Salem, Illinois.

"In conformity with your official advice of the existence of tumult and riot in your city and in conformity with your request, I have directed the Adjutant General to mobilize troops and cause to proceed to Salem about 100 troops. This force should

reach you in two hours."

"E. F. Dunne,
Governor."
Mobilize Troops.

Adjutant General Dickson, as soon as advised by Governor Dunne of the situation, got in telephone communication with the commanding officers of the companies of the National Guard located at Olney, Shelbyville, and Effingham, directing them to mobilize their men and proceed to Salem as quickly as possible. Major E. P. Clayton, of the Fourth Infantry Vandalia, was placed in command of the militia until such a time as the adjutant general could reach the scene and take personal charge.

Raid "Blind Tigers." While Salem is officially "dry" a number of "blind tigers" have been flourishing and the impromptu vigilance committee raided all these they could find. Half a dozen fifty gallon casks of whiskey and about 75 cases of beer were seized, broken up and their contents allowed to soak in the streets.

The mob paid no attention to the activities of the reformers.

Sullens' arrest followed. Dorothy Holt's story told this morning when she returned home after having been out all night. She said she was returning from a motion picture show when she was seized, gagged and taken a mile and half from town to the slaughter pens. Here she lost consciousness until 9 o'clock this morning when she dragged herself home.

Sullens is said to have admitted he forced the girl to accompany him to the slaughter pens, but that he did it at the instance of another man who offered him \$5 and a drink of whiskey. The girl declares she saw none at the slaughter pens but Sullens.

Dragged Long Distance. The victim of the attack, Dorothy Holt, daughter of Judge Charles Holt, was on her way home from a moving picture show last night when a man seized her by the throat gagged her with a handkerchief and dragged her a mile and a half out of town to a place called the slaughter pens. Here she lost consciousness until 9 o'clock this morning when she dragged herself home.

Sullens is said to have admitted he forced the girl to accompany him to the slaughter pens, but that he did it at the instance of another man who offered him \$5 and a drink of whiskey. The girl declares she saw none at the slaughter pens but Sullens.

At six o'clock General Dickson talked over the telephone with Deputy Sheriff, Kazy at Salem. Kazy described the situation as very critical declaring that not only the residents of Salem, but those of the surrounding country were aroused to a frenzy of excitement.

General Dickson routed the troops as follows: Company L, Olney, Captain J. Brand went on special train B. & O. S. W., via Flora.

At 7 o'clock, General Dickson said: "That company ought to be there now."

Company H, Shelbyville, went over the C. & E. I., direct, Captain Klausen, commanding that they were on the way.

Company G., Effingham under command of Captain W. W. Austin, made the trip aboard a special train over the Illinois Central.

Major E. P. Clayton was ordered from Vandalia to command the post until General Dickson arrived.

At 7 o'clock Governor Dunne communicated with General Dickson exhorting him to:

"Get there as soon as possible."

Men Still on Street.

Salem, Ill., March 14.—Although at 7 o'clock no further attempt to storm the jail had been made a mob of 250 men was still on the street. Further trouble is feared by the rumored invasion of Salem by an uncle of the wronged girl. He is said to leading a mob from Kinmundy, ten miles north.

Early tonight the ministers of Salem, reinforced by members of the city council and citizens of the better element, began raids on "blind

TILLMAN LOSES FIGHT

Appropriations Chairmanship is Accorded to Senator Martin of Virginia

MANY CHANGES MADE

Radical Changes in Method of Controlling Legislation and Committees is Proposed

WASHINGTON, MARCH 14.—Senator Benjamin R. Tillman of South Carolina today lost his long and hard fight for the chairmanship of the powerful senate committee on appropriations. The Democratic committee lists, completed tonight by the steering committee headed by Senator Kern, accord the appropriations chairmanship to Senator Martin of Virginia; and places Senator Tillman at the head of the committee on naval affairs.

The decision of the committee will not be accepted by Senator Tillman, it is understood. A Democratic caucus has been called for 10:30 o'clock tomorrow morning when the committee lists will be presented to the full Democratic membership of the senate. It is expected that Senator Tillman, counting upon support of four or five members of the steering committee will lead a fight in the caucus to overthrow the committee's decision. The chief reason for supplanting Senator Tillman who headed the list of Democrats on the appropriations committee is understood to have been the belief that his health would not enable him to undertake the several tasks attached to the position.

Adjutant General Dickson ordered three southern Illinois companies of the fourth regiment to proceed to Salem by special train, the first of the troops arriving shortly after five o'clock. General Dickson left for Salem at 8 o'clock and is due to arrive in that city about mid-night and will take personal command of the state troops.

The message to the governor from Sheriff Purcell which was received about 4 o'clock in the afternoon follows:

Governor Dunne,

CONVICTED OF USING MAILS ILLEGALLY

HAWTHORNE, MORTON, AND FREE-
MAN ARE FOUND GUILTY

Were Charged By Government With
Having Obtained \$600,000 From the
Public in Their Exploitation of
So-Called Hawthorne Properties.

NEW YORK, MARCH 14.—Julian Hawthorne, Dr. William Morton and Albert Freeman were convicted in federal court here tonight of making fraudulent use of the mails in promoting Canadian mining claims. Josiah Quincy, twice mayor of Boston on trial with them, was acquitted and discharged.

Freeman, a New York business man for 26 years was sentenced to five years in the federal penitentiary at Atlanta. Hawthorne, son of Nathaniel Hawthorne, the novelist and himself an author and Dr. William J. Morton, son of Dr. W. T. G. Morton, the first user of ether in surgical operations, were each sentenced to one year and one day at Atlanta. Freeman's prison term is to date from the present year and the terms of Hawthorne and Morton from November 25th, the day the trial was begun.

Twenty-nine persons are reported to have perished in Georgia and damage to property is roughly estimated at \$1,000,000.

Calhoun, Gordon county, Georgia and vicinity bore the brunt of the storm in this state where eleven persons are reported to have been killed. The other fatalities in Georgia were nine at Tucker, four at Eadsburg, three at Clarkston and two at Columbus.

Late reports from Tennessee have increased the death toll in that state to 23 persons.

The loss of life in Alabama is estimated at 13 although several persons still are reported missing. Five negroes were killed near Decatur, three persons perished at Calera and two each at Hokes Bluff, Gaysville and Duke.

Reports from Louisiana place the number of dead at seven and the list in Mississippi totals thirteen.

Tow Boat Sunk.

Cairo, Ill., March 14.—So high was the wind and so rough the waters of the Ohio river today the tow boat, E. R. Watkins, owned at Cape Girardeau, Mo., was swamped near Mound City and sank.

In the Dakotas.

Aberdeen, S. D., March 14.—The worst storm in several years held the northern section of South Dakota and a great portion of North Dakota in its grip. Wires east and west are down and telegraph and telephone connections are cut off. No trains are moving.

Carpenter Killed.

Louisville, Ky., March 14.—One carpenter, J. J. Walton, was killed and another fatally injured when high winds today blew down a 100 foot construction tower here. The men were at work on the top of the structure and were crushed under the debris.

Two Killed; Many Hurt.

Alexander, La., March 14.—Wire communication with Provencal, La., a center of yesterday's cyclone was partly restored today. Only two persons were killed outright but of the score or more injured four persons were believed to be fatally

wounded.

El Paso, Texas, March 14.—With Sonora practically in the power of anti-administration troops the state of Chihuahua today is by no means peaceful. Reports reached here tonight of skirmishes between federales and constitutionalists in the districts between Parral and Chihuahua City where various expeditions are bound for the interior to assist the revolting ex-soldiers in their warfare against the Huerta soldiers. Col. Francisco Villa, former Madero leader, has been joined in the field by Juan Doval, who was second in command of Orozco's forces in the Madero revolution. Villa and Doval forced the water over the banks of the river, breaking dams. Melting snows formed turbulent rivers as they streamed down the hillsides into the valleys. These were augmented by a series of heavy rains which buried the country under four feet of water. A terrific wind blowing nearly seventy miles an hour struck Cheboygan early today and caused a damage of about \$10,000. Many people were driven from their homes when these were threatened with destruction. Scores of men prevented a serious flood at Fond du Lac by a liberal use of dynamite on ice jams in the river. From LaCrosse comes the report that the LaCrosse & Southern, the Kickapoo Valley and the Green Bay & Western railroads abandoned train service today on account of the washouts and floods in which some cases covered the tracks.

General Inez Salazar, who recently pronounced against provisional President Huerta, is moving in toward Juarez from Potomas below the New Mexico border. He has fully 500 well armed, mounted and trained men.

Juarez is defended only by 300 federal regulars.

In skirmishes below Chihuahua City on central line, federal troops were driven back on two occasions. Related advices from south report almost continual fighting since the constitutionalists attack on Parral last week which was repulsed only after two days desperate fighting.

Bonillas Explains Revolt.

Nogales, Ariz., March 14.—Sonora has no idea of establishing an independent government, was the explanation of the revolt against the Huerta national government made here today by L. Bonillas, member of the Sonora state congress.

"We merely want a constitutional government," he declared, "not alone for Sonora, but for all Mexico. And we will have it because all representative Mexicans stand for it. This is a protest against tyranny and murder."

"We now have two border ports and we mean to begin a vigorous campaign to place all northern Sonora in our hands and immediately open the country for peaceful business. The federales in the south have no force except for defense of Guaymas. We will drive them out of the coast country later."

Company G., Effingham, Captain W. W. Austin, was rushed direct on the Illinois Central. General Dickson arranged with the superintendent of the Illinois Central at Champaign to rush special train equipment to Mattoon.

Major E. P. Clayton was ordered from Vandalia to command the post until General Dickson arrived.

At 7 o'clock Governor Dunne communicated with General Dickson exhorting him to:

"Get there as soon as possible."

NOTES OF THE STORM

Daylight Friday brought to view in a number of instances damage done by the storm of Thursday. A chimney at the home of D. W. George, place was thrown down and badly damaged the kitchen roof in one place. A happening of the same kind occurred at the residence of Walter McCormick on Flinley street.

Out at the farm of H. H. Massey southwest of the city the wind put on a series of stunts. A wind mill was leveled to the ground, one out-building was completely overturned and two others were damaged. In one of these Mr. Massey keeps his automobile but it was not damaged. His loss will total somewhere from \$250 to \$300. At the home of Ernest Shert near the Massey home, one building was unroofed and some minor damage was done otherwise.

At the Nunes monument works on North Main street, the wind took the roof off one section of a long shed which was blown clear into the yard of the property adjoining.

At the residence of Vincent Riley, on the Mound, a hen house was blown over in the storm Thursday night and other out houses were damaged.

Residents of Literberry suffered quite a little damage in the storm of Thursday night. A part of the roof of Ernest Young's residence was blown away and the roof of the Methodist parsonage was also badly damaged. Several chimneys were blown down and corn cribs and other outbuildings damaged.

The porch of the cottage, roof of the barn and several poultry houses at the residence of F. A. Stevens, three miles north of the city, were badly damaged in the Thursday night storm. J. M. Stewart, who resides on the Mound road also suffered quite a little damage, some outbuildings being blown over and several panes of glass in the windows being broken.

Get ready for the spring farm work. We carry a big line of overalls and jackets. Knoles.

JUDGES FOR JOINT DEBATE.

The judges were announced Friday morning for the annual Sigma Pi-Phi Alpha debate which will be held Wednesday evening at 8:00 o'clock in the college gymnasium. The judges selected are the Hon. T. E. Lyon, of Springfield, assemblyman from this district, E. A. Doobie, a prominent lawyer of Carrollton and George R. Troop, C. St. Louis, professor of Greek and Latin at Washington university and a former instructor of the same subjects at Illinois college.

SENDS OUT ELECTION NOTICES.

Superintendent of Schools H. C. Montgomery has sent out notices for an election to be held Saturday, March 29th at the high school in Murrayville to decide upon the question as to whether or not a township high school shall be established at Murrayville. The territory which it is proposed to embrace within the district is six miles east and west and seven miles north and south. Under the law now it is not necessary to follow congressional township lines and so the petitioners have taken in Murrayville township and then invaded Woodson township for a mile.

HELD BUSINESS MEETING.

The Amoma class of the Sunday school of the First Baptist church held a quarterly business meeting at the church Friday evening. Mrs. King presided and part of the business transacted was the election of a vice-president to succeed Mrs. W. L. Dorgan, the vote being in favor of Mrs. James Ball. Mrs. George Smith is president of the class and Mrs. J. B. Williamson, teacher. A splendid supper was served and enjoyed, which was followed by a social hour.

ISSUES REPLY TO FUNK'S STATEMENT

GIVES REASON WHY PROGRESSIVES WOULD NOT JOIN REPUBLICANS

Munroe Claims Lorimer's Consent to Combination Made it Impossible For Progressives to Combine Forces With Republicans For Funk's Election.

SPRINGFIELD, ILL., MARCH 14.—Representative Fayette S. Munroe, Progressive, tonight issued a statement in reply to that made Thursday by Frank H. Funk, Progressive candidate for the United States senate. In the course of the statement Mr. Munroe says that on Feb. 20 Progressive members were informed that twelve McLaughlin Democrats would join Republicans and Progressives in electing Sherman for the long term senatorship and Funk for the short. Nineteen Progressives disapproved this proposition, he says.

"On Feb. 26," Munroe continues, "a combination, confined strictly to Republicans and Progressives, was discussed but five or six Republicans would not join without the consent of William Lorimer."

Thirteen Progressives opposed this.

Mr. Munroe adds: "The mere fact that William Lorimer's consent was necessary and now apparently has been secured is ground for deep consideration; and where the honor and integrity of the Progressive party is vitally concerned, we—who are in a large measure trustees for that honor and integrity—will not be excused if we fail to reach a conclusion which is too obvious for argument."

In refusing to accept a senatorship with the votes of Mr. McLaughlin and his henchmen, or with the consent of William Lorimer, we are placing a principle above a man and the welfare and future of our party above the ambitions of an individual."

Completed by Tuesday.

Speaker McKinley stated this afternoon that he will have the appropriations committee of the house completed by next Tuesday when the legislature re-convenes. It is expected also that the judiciary committee will be completed by that time and made public.

It is generally understood that David E. Shanahan, dean of the house and for several sessions past, the chairman of the appropriations committee, will have that berth again. Charles S. Karch, of Belleville, is the most prominent name mentioned in connection with judiciary chairmanship.

Lewis Chances Better.

In interviews today both Governor Dunne and Colonel James Hamilton Lewis declared that the chances to elect Colonel Lewis to the United States senate for the long term are better now than at any time since the legislature convened. Both base their assertions on the high vote recorded for Colonel Lewis on the joint ballot yesterday.

According to the gossip which has been going the rounds at the capital since Wednesday the eight Progressives who yesterday withheld their support from the proposed Sherman-Funk alliance are in readiness to vote for Colonel Lewis whenever their eight votes will be sufficient to elect him. In response the Republican leaders say they will gladly accept defeat for their candidate if the eight Progressives, headed by Senator Walter Clyde Jones and Representative Fayette S. Munroe, will aid the Democrats to elect either one or two senators after accomplishing the defeat of Frank K. Funk, their caucus nominee.

The possibility of the eight Progressives aiding the Democrats depends wholly upon the ability of the Democrats to reunite their divided forces in the legislature.

Members who remained in Springfield over today, many of them for

state and national interviews with Governor Dunne, attach considerable importance to the word from Washington that former National Committeeman Roger C. Sullivan and Secretary Tumulty will discuss patronage and the deadlock situation with President Wilson tomorrow.

Colonel Lewis left today for Chicago where he will be one of the orators on Monday at the St. Patrick's day banquet.

Already members of the general assembly are discussing the likelihood of the failure of the general assembly to elect either long or short term senator and the possibility of the early ratification by the required number of states of the constitutional amendment for the direct election of senators. Under these possibilities a special primary and election would be necessary to fill the two vacancies from Illinois in the United States senate.

Speaker McKinley and a few of the factional leaders on the house side remained in Springfield today to work on the house committees.

It is probable that a few of the more important committees will be announced by the speaker next week.

Easter will make new neckwear a necessity. Fine selection at Knoles'.

WIND PERFORMS FREAK.

One of the peculiar freaks of the fierce wind storm Thursday evening was witnessed on the Duncan building on West State street. A panel of woodwork, some four foot square, was blown out between the first and second story, leaving a gap which shows the plastering and joist.

On the farm of F. A. Stevens some four miles north of the city a corn crib was blown down and chicken coops scattered over the premises.

The entire side of the barn was also taken out. At Charles Black's place a big cedar tree was blown down and considerable damage was done

on the property of Thomas Fozard of the same neighborhood.

committee on education and labor; Senator Chamberlain has been selected for the chairmanship of the public lands committee and Senator Luke Lea is slated for chairman of the committee on library.

Investigate Charges.

A senate committee spent four hours today investigating the charges made by Senator Gore that an assistant doorkeeper of the senate, Carl A. Loeffler had been responsible for the disappearance in 1911 of the Holstlaw certificate of deposit, an incident which figured prominently in the trial of Senator William Lorimer. For over two and a half hours of that time, a 14 year old page boy, William H. Harris, faced the eight senators present at the hearing, and sustained a severe examination which did not alter his assertion that he believed he had given the paper to Mr. Loeffler.

Mr. Loeffler who took the stand in the day declared emphatically that he had not received the paper which later disappeared. He said it had never been in his possession. After being produced in the senate February 14th, 1911, by Senator Cummins it passed into the hands of other senators he said and he never afterward saw it or heard of it.

The boy who stood the grilling of the senate committee was produced by Senator Gore after the latter had unsuccessfully tried to secure a postponement of the investigation. In his charges in the senate yesterday against Mr. Loeffler, Senator Gore gave the page as his source of information. The boy, who was accompanied by his mother, said he had taken the paper from Senator Bailey during the latter's speech, had shown it to other senators and that as he started toward the desk with it, Mr. Loeffler intercepted him and took it from him.

Facts brought out by the examination indicated that the paper taken by the page might have been another document that Senator Bailey was exhibiting to the senate.

Attempts by Senator Gore to interrupt the testimony by suggestions were several times the cause of sharp comment by Senator Dillingham. The investigation will not be resumed until the committee has been reorganized by the Democrats.

Preparing Tariff Bills.

The house ways and means committee Democrats are forcing ahead with their work of preparing the tariff revision bills upon the expectation that the extra session of congress will convene about Monday, April 7th. The committee do not expect to again confer with the president on the tariff situation unless invited. Two sessions were held to day. Chairman Underwood expects to finish the work by the close of this month so that the Democratic caucus may pass upon the revision plan quickly upon convening of the extra session.

AMERICAN RHODES SCHOLARS WELL REPRESENTED IN ATHLETICS

American Athletes Show Up Well in Annual Field Day With English Students.

London, March 14.—American Rhodes scholars were well represented to day in the annual field day between Oxford and Cambridge. The meeting held at the Queens club grounds in the west end of London.

The Oxford team included Zeigler of the University of Iowa in the weight putting and Hammer throwing and H. R. Stoltz of Leland Stanford in the broad jump, as "full blues"; while R. L. Lange of the University of Oklahoma; E. P. Huble of Chicago and McCormick of Chicago were members of the team as half blues or substitutes.

In the tryouts for the team Zeigler defeated all opponents with the greatest ease. His records were so much better than those made in the Cambridge tryouts that little competition was expected in the hammer and shot events. Sholz in the Oxford in the tryouts for the broad jump established a better record than H. S. O. Ashington, his Cambridge rival, but the latter was reputed to have cleared 23 feet several times a mark which the American has not reached since he injured his ankle playing football.

Zeigler won the hammer throw with 142 feet, 7 inches, and hurled the weight 43 feet 3 inches. E. P. Huble of Chicago was third in the hammer throwing and C. McCormick of Chicago was third in the weight putting.

The curtain was rung down for the basketball season Straw's hall Friday night, when the Jacksonville high school five defeated the strong team of the Springfield high by a score of 38 to 13. There was a just pride of pride that animated the hearts of the J. H. S. players when they filed out of the hall last evening for they felt that they had gotten sweet revenge for the game they lost to Springfield earlier in the year, and also because the basketball season was brought to a brilliant close. That rumor which has been afloat in the Springfield camp, concerning "Jacksonville being easy and playing over their heads", must have been a pipe dream. The Springfield men when they stepped out on the floor last night were a bit overconfident, and after some of their special plays had been foiled, they realized that a hard fight was before them. This fact was still more indefinitely impressed at the end of the first half when the J. H. S. men had run up a score of 25 to 6. The exhibition put up by the visitors was a poor sample of how the game should be played and they floundered around on the floor and almost entirely lost their eye for baskets. During the last eight minutes of play Springfield put in English at left forward to supplement Rickel. English got a field basket, and a pretty throw too, and in the few minutes he was in played superior ball to the regular. Friske, who has been shifted to center and Schneider at right forward did most of the work for the visitors last night.

Massachusetts evidently desires admission into the Oklahoma legislative class, a bill having been introduced there providing that cats shall wear a one-dollar license tag, the cat owner to be deemed guilty of disorderly conduct and subject to a fine in case he fails to comply with the law. The reason assigned is that tabby destroys many young birds but failing to give the feline credit for the destruction of mice and rats.

The Sangamon County Farmers' League has recently been organized. The principal purpose of the organization seems to be the defeat of Tice's hard roads bill, on the ground that it places too much power in the hands of a few. Centralization of power seems to be the trend of the times. Cities adopt the commission plan of government, taking from the many and placing power in the hands of a few. Kansas talks of such a plan for their state government. Three hundred of the farmers of Sangamon county met in Springfield recently and voiced their opposition in no unmistakable terms. The question is one that must be met—some changes in our road laws are assured. The land owner should closely study the methods in other states, investigate from every possible angle, and decide the matter of opposition or approval from a broad review of the whole.

Interest is being taken in plans to establish a new training school for delinquent boys in Central or Southern Illinois, similar to the one in operation at St. Charles. In recent years the number of lads committed to St. Charles has increased at an alarming rate, so that at times the capacity of the institution has been taxed. St. Charles is in the northern part of the state, and the institution was first established there owing to its accessibility to Chicago, where the larger number of the charges were committed. The need of such a school is apparent. The question of its location is yet to be decided. We might suggest the fact that Jacksonville is an educational center—and the handsomest city in Illinois.

The governor of Indiana vetoed the drinking cup bill passed by unanimous vote of both houses—and they dropped the matter. The governor did not accuse legislators of standing in with the paper cup manufacturers, but vetoed the bill because he asserted that it put the people to needless inconvenience.

Many cities are wrestling with lighting or franchise problems. At Springfield Commissioner Spaulding makes the charge that the general public in that city is being overcharged to the extent of \$50,000 a year by the Springfield Electric Light company. He has recommended to the city commission that it offer to assume some control of the affairs of the company so as to reduce the rate charged for electric current, yet to assure the stock holders of the company a dividend of eight per cent on a "fair and honest investment." The proposal was, in substance, as follows:

First, a company rate to private consumers that does not exceed 7 or 8 cents per kilowatt hour.

Second, a representative of the city on the board of directors of the light company, with the same authority as other members.

Third, the compiling of valuation figures on the property of the company, to be made and fixed by arbitration.

Fourth, whenever these figures would show the earnings of the company to be in excess of 8 per cent on an honest and proper investment, a further reduction in the rates.

The commissioner declared it his belief that the average electricity user in Springfield pays as much for a month's light as for three months' water.

In Decatur members of the commission assumed that the charge for current and gas used in residences was too high, and demander rates of the local manager of the company. Now, according to the Decatur Review, the manager of the company has made a proposal by which the price of current for residences will be cut 20 per cent, making the price of current 10.8 cents a kilowatt hour net, as against 13 1/2 cents net, a rate that would affect a decided saving for the householder. But the statement is made that the Decatur commission want further concessions on the current rate.

In our city the residence rate is 15 cents per kilowatt hour, with 10 per cent discount if paid" by the 10th of each month.

Decatur commissioners claim to have rates in effect in many cities, and that they are not unreasonable in their requests.

We presume that members of the city commission of the city of Jacksonville are equally as well posted as those of Springfield, or Decatur or Elgin.

Even with no opponent of his own party at the primary election, when the Democratic nomination for United States senator went to J. Ham Lewis by default, he has so far been unable to secure all the votes of the members of his own party in the legislature, yet the Journal believes he is entitled to that support, as the Republicans are bound to support L. Y. Sherman. Mr. Lewis ran behind the head of this ticket, however, nearly 65,000 votes. Clark and Wilson together polled 294,000 votes, while Lewis received only 228,872. Sherman's primary vote was 178,663. The comparison would be fair if Sherman, like Lewis, had run without opposition in his own party. He won in the Republican primary only at the expense of a hard fight. In that primary, the total Democratic interest was represented by Lewis' vote of 228,872, while the Republican interest in the outcome was represented by 410,394 votes, which were cast for Sherman, Cullom, McGill and Webster. We believe that a large majority of the people of the state want Sherman as United States senator, and the assembly will fall of its duty if it refuses to elect him. The only possible reason for the se-

lection of a third party in place of Lewis would be the failure of Democratic legislators to combine with Republicans in the election of Sherman and Lewis, and the desire on the part of the people that the present dead-lock be ended and the business of the state taken up.

The Monmouth Atlas says that while "there was a split in the Republican ranks, and new blood has been injected into the body politic at Springfield, but the men who would like to make radical reforms are in a great minority." What about the Democratic party—where Leo O'Neill Browne still poses as a leader—where he still has power and shrewdness sufficient to push a resolution through the house intended to prevent newspapers of the state printing reports of the actual proceedings of that body. Probably no man there has greater reason to fear publicity.

Cabinet Will Rest.

Half of the members of President Wilson's cabinet will spend the weekend or longer at their homes, driven from Washington for rest after ten arduous days in office or by the necessity of arranging personal affairs preparatory to an extended stay in the capital.

Office-seekers have worried some of the cabinet officers to a point where relief was demanded. Secretary McAdoo, leaving for New York today, declared that city would seem to him "like green fields compared to Washington."

Secretary Garrison left for his home in Jersey City and Secretary Wilson for Bloomsburg, Pa. Secretary Houston is enroute to St. Louis.

Secretary Bryan will leave Sunday for his home at Lincoln, Neb., to attend a dinner in honor of his 53rd birthday anniversary, March 19. He will be absent from Washington about ten days. On his return trip he will stop at Des Moines, Ia., to attend a Democrat banquet, at Chicago where he will be entertained at dinner by the Union League club and at Akron, O., where he is to be the guest of the chamber of commerce.

No Appointment Made.

There will be no new head of the general land office for at least thirty days to come. This was made plain today when Commissioner Fred Dennett handed his resignation to Secretary Lane of the interior department and the latter requested that it be withheld for 30 or 60 days. Mr. Dennett complied with the request. Mr. Dennett, who has been head of the land office for five years, will practice law here. It is understood there are a number of applicants for the position.

TRADE AND CROP REPORTS FAVORABLE

BUSINESS ACTIVITY IS STEADILY MAINTAINED.

Grain Movement in Northwest and in Corn Belt is Heavy But Elsewhere Tends to Recede—Demands For Money Active.

New York, March 14.—Bradstreet's tomorrow will say: Trade, crop and industrial reports continue to present favorable aspects and although some branches of textiles manifest more or less concern about the effect of the future trade of tariff changes, the general situation throughout most sections of the country is characterized by good consensual demand.

Reports about winter wheat are in the main favorable and preparations for new crops are going forward. The grain movement in the northwest and corn belt is heavy, but elsewhere it tends to recede.

Open weather troubles outdoor construction work to display activity; farmers are beginning to call for spring help, the railways continue to do well and operations in the steel and iron industry are active.

Demand for money is active, rates are firmer and tension overseas, together with domestic wants incident to spring farm work and forthcoming to heavy sentiments will make for continued high rates.

Stock market operations, characterized by weakness of new industrial stocks and a number of bonds, followed by a little strength later, reflect deficient buying, with the general tendency to back and fill.

Business failures for the week March 13, were 284, which compares with 241 in the like week of 1912. There were 34 failures in Canada.

Dun's Review.

New York, March 14.—Dun's Review tomorrow will say:

Business activity is steadily maintained and in some line shows an increase although sentiment continues to be conservative especially as regards speculative transactions. The international money markets are slightly easier, as the outlook for peace in the Balkans has improved and the German position has been strengthened by accumulations of gold drawn in part from the United States. Weather conditions were responsible for some decrease in activity in the shoe trade, but the whole distribution is large and the spring outlook is favorable.

While there was no active sales in pig iron, specifications in finished lines are of record breaking volume. The textile industries and dry-goods distributing trades are in a wholesome condition although merchants are not overstocking.

While there has been some shading of the price of wool the woolen and worsted mills are exceedingly well employed.

Prices of cotton and the leading grains tend toward, but there is little speculation. Reports from the principal trade centers are for the most part satisfactory. The labor situation has improved."

Bank Clearings.

New York, March 14.—Bradstreet's bank clearings report for the week ending March 13th, shows an aggregate of \$3,290,398,000 as against \$3,833,332,000 last week and \$3,101,617,000 in the corresponding week last year.

The following is a list of cities: Increase.

New York	\$1,842,151,000	4.1
Chicago	334,019,000	11.8

CHATS WITH GREAT MEN OF THE CIVIL WAR

By Mrs. Gen. Pickett.

Copyright, 1913, by The Press Publishing Co. (The New York Evening World.)

GEN. AMBROSE E. BURNSIDE

I was hurriedly putting the finishing touches into a confederate flag which I was making for a bazaar in Baltimore and had promised to send to a friend that evening when the cards of Gen. Dabney H. Maury and Gen. Burnside were brought in. Gen. Maury was an old friend, but I had never had the honor of meeting Gen. Burnside. To my apology for dividing my attention between them and the confederate flag, Gen. Burnside gallantly replied.

"There have been times when that flag struck terror to my soul, but borne by such fair hands I can look upon it with admiration unmixed with fear."

Presently, seeing me trying to force a too large thread into a too small eye, he said:

"Permit me, madam, to thread your needle for you."

"Thank you, general," I answered, "but I am in a great hurry, as I told you, and have not time to accept your offer. I have seen my father and my husband try to thread a needle."

"Perhaps they were not tailors. I served an apprenticeship to the trade before I went to West Point. I knew your husband on the frontier, and if he could not thread a needle it was about the only thing he could not do."

"Oh, you knew my soldier, then?"

"Yes. He remained in the army, while I resigned in '52 and went into the railroad business, and was treasurer of the Illinois Central when the war began. Gov. Sprague telegraphed me that my duty was to my native state and appointed me to the command of the first regiment of volunteers. I was in at the battle and fought in the very first battle—Bull Run."

"Yes, general," I said, "but the first time I remember hearing of you was when you commanded an expedition in the capture of Roanoke Island, because that was near our home."

"I hope that I did not inconvenience you."

Mr. Ensley Moore's item in your issue of yesterday was of peculiar interest to me as one of the dates he mentions is a date that sticks in the memory of my boyhood days like a burr in sheep's wool—new year's day, 1864. Three times in my life I have seen the mercury in the thermometer (Fahrenheit) low down in the thirties below zero, new year's day, 1864 being the first of these several dates, a day on which the mercury in the thermometer (Fahrenheit) was near its freezing point, 40 degrees below zero.

As Mr. Moore says the storm began the day before—began with a rain—the wind shifting to the northwest, becoming later, a fearful gale, with hail and snow, the snow forming drifts with the upper surface so closely packed that a heavy man could walk upon it with as great ease as upon our modern cement pavements. Hogs, cattle and horses

once your folks. Sometimes when I think of my Waterloo, that disastrous day at Fredericksburg, and the horrors of Marye's Hill, I am afraid I made a great mistake in leaving the Illinois Central and swapping bullets a second time. I tried to make all the atonement I could though. I did not lose an hour in rushing to Washington and acknowledging that I wasn't fit to command and begging to be relieved. But I never talk about it."

"You are mistaken, Burny," said Gen. Maury. "You never miss a chance to talk about it. As I've told you before, your plans were all right, to intervene between Longstreet and Jackson, and you got to the Rappahannock in time. But, blame the luck—YOUR luck, I mean—the pontoons didn't. And that wasn't your fault."

"I'll tell you of what he has been guilty today—the most gracious act of securing an appointment for the widow of one of my old comrades, enabling her to educate her war orphaned boys. And you know some time ago he put into office the sister of my dear wife, whose husband was also an officer and was killed in the war."

"And I have the promise that she shall never be disturbed," returned Gen. Burnside.

"I don't wonder, general, that you have the love and confidence of your people," said I. "Three times you have been made governor of your state and you have been twice appointed to represent her in the senate."

"Your words are a comfort, dear madam, but, alas! every honor was upon it the bloodstain of Marye's Hill."

I had put the final stitch in my flag when my visitors arose to take leave, and, holding it up, I said:

"See, the last star is set in the confederate flag, as the last bloodstain of war is lost in the radiance of peace."

Editor Journal:

Mr. Ensley Moore's item in your issue of yesterday was of peculiar interest to me as one of the dates he mentions is a date that sticks in the memory of my boyhood days like a burr in sheep's wool—new year's day, 1864. Three times in my life I have seen the mercury in the thermometer (Fahrenheit) low down in the thirties below zero, new year's day, 1864 being the first of these several dates, a day on which the mercury in the thermometer (Fahrenheit) was near its freezing point, 40 degrees below zero.

As Mr. Moore says the storm began the day before—began with a rain—the wind shifting to the northwest, becoming later, a fearful gale, with hail and snow, the snow forming drifts with the upper surface so closely packed that a heavy man could walk upon it with as great ease as upon our modern cement pavements. Hogs, cattle and horses

not sheltered, were in many instances, frozen to death.

My parents were residing at the time in a town in Central Illinois. On that morning my mother bundled me up after the usual style of the times, by wrapping a shawl around me in such a way as to envelop head and upper and lower limbs, and sending me to the postoffice, 40 rods distant, perhaps to post some letters. I would say, in passing, that overcoats, except now and then a bear skin or a buffalo one were very rare indeed, both men and women wearing shawls instead. Short as the distance was to the postoffice, and back, one ear and one side of my face, becoming exposed somewhat to the bitter cold northwest wind were frozen before I reached home.

The blizzard was not of the local sort, soldiers in the south were caught within its sweep; many with whom I have talked, having a memory as faithful as my own of the intensely cold day, January 1, 1864.

NOTICE

To Farmers and Stock Raisers

We are now manufacturing under State License, the best Brand of hog food on market known as "SURE FATTEN HOG FOOD" It is far superior to any Brand of hog food on the market to day. It is guaranteed under the Pure Food and Drugs Act, June 30th, 1906, Serial No. 47,673. Guaranteed analysis as follows:

Crude Fat 10.00 to 14 per cent
Crude Protein 52.50 to 60 per cent
Crude Fibre 1.00 to 3 per cent
Phosphate 10.00 to 12 per cent

What Is
"Sure Fatten Hog Food"

It is a dark colored granular meal, made from meat residues, and it supplies the protein and phosphates necessary for compounding a balanced ration in most economical and palatable form.

It contains phosphates in proper proportion to insure strength of bone and frame work. In the corn belt bone development is a matter of serious consideration.

It is not a substitute for corn, but a small quantity fed in connection with corn or other grains gives a balanced ration.

It is the most economical source of digestible protein known, containing twice as much protein as oil meal and five times as much as muddins, shorts, shipstuffs, or alfalfa meal.

TANKAGE recommended by all leading experiment stations.

It is packed in one-hundred-pound burlap sack, plainly marked "SURE FATTEN HOG FOOD," analysis as above.

It is the ideal feed to balance rations.

What "Sure Fatten Hog Food"

Tankage Does.

It develops bone and muscle in young pigs and makes them grow. It matures a hog for market in two and three months quicker than corn alone, thereby saving one third of the feed bill, one third of the labor, one third of the risk, increasing profits one third.

It grows better proportioned hogs, more meat, and more fat, hence market-topper hogs. SURE FATTEN HOG FOOD TANKAGE fed hogs ship well with small shrink.

While in nowise a medicine, it so fortifies and strengthens the system against attacks of disease germs that SURE FATTEN HOG FOOD TANKAGE fed hogs are universally healthy hogs.

PFANSCHMIDT MURDER CASE COMES TO TRIAL TUESDAY

Adams County Lad Must Answer For Deaths of Four Members of Family—Judge Williams to Preside.

Quincy, Ill., March 14.—On Tuesday the case of Ray Pfanschmidt, accused of the Pfanschmidt quadruple murder, will be called for trial. The attorneys for the defense some days ago withdrew their motion for a continuance, and it is believed that both sides will answer "ready" at first calling. Judge Guy Williams of Havana has been assigned to preside at the trial. Some of the best legal talent in this section of Illinois has been engaged in the case. Many witnesses are to be called and it is expected that the trial will occupy several weeks.

No murder committed in this part of the state ever attracted more attention and comment than the Pfanschmidt murder did at the time, and it was by the narrowest margin that young Pfanschmidt escaped mob violence at the time of his arrest. The feeling at the time was so intense that Governor Deneen wired Captain W. A. Long, commander of the local company of the Illinois National Guard, to have his company in readiness to repel any mob should one be formed.

Charles A. Pfanschmidt, the head of the family, and one of the victims of the quadruple tragedy, was a well-to-do and highly respected farmer residing about twelve miles southeast of this city. In addition to Mr. Pfanschmidt the family consisted of Mrs. Matilda Pfanschmidt, their daughter, Blanche Pfanschmidt, and one son, Ray Pfanschmidt, who is to be tried for the murder of his relatives. At the time of the tragedy the household also included Miss Emma Kaempen, a young school teacher.

Early on the morning of September 29 last neighbors discovered that the Pfanschmidt home had been destroyed by fire during the preceding night. A search of the ruins revealed the remains of the father, mother and daughter and the school teacher, Miss Kaempen. There was evidence to indicate that the four victims had probably been murdered in their beds before the house was fired.

The first theory was that the quadruple murder was the work of the so-called "axe murderer," who some months previously had wiped out entire families at various points in Colorado, Kansas and Iowa. But suspicion soon turned to Ray Pfanschmidt, the only surviving member of the family, whose story of the tragedy was far from satisfactory to the authorities who were investigating the case. About a week after the murders the popular suspicions were vastly strengthened by the discovery of a suit of Ray Pfanschmidt's clothes saturated with blood. The clothes had been hidden beneath the barn.

The elder Pfanschmidt carried considerable life insurance and in addition his estate was valued at about \$50,000. It is expected that the prosecuting attorney at the coming trial will endeavor to prove that the son wiped out the family in order to inherit the estate. A desire to marry a young woman with whom he had been keeping company is also believed to have figured in the young man's calculations.

It is noticeable in the picture that the handsome young pair seem mighty happy over their mutual selection and are not ashamed to hold hands just like any other lovers.

AGRICULTURAL CLUB WORK

Special Premium Awards Offered For the Spring of 1913 For the Counties of Iowa and Illinois Traversed by the Chicago, Burlington & Quincy Railroad.

County superintendent of schools, H. C. Montgomery, wishes to endorse the movement and co-operate in the work in any way he can be of benefit, and wishes to enlist the interest of teachers and school boards in the enterprise.

In this connection and going hand in hand in sentiment, announcement is made that Chas. H. Story as county superintendent of the Farmers' Institute, has provided a free seed supply for boys of the county, which he wishes to distribute upon application. He has corn of the following varieties: Reed's Yellow Dent, Johnson County White, Boone County White and Silver Mine.

He also has a limited quantity of Big 4 White oats.

The seed is all home grown and is donated by the following well known seed growers: Reed's Dent and Johnson is furnished by W. H. Rowe & Son, Jacksonville; Reed's Yellow Dent and Boone County White by Fred E. Detherage, Waverly; Reed's Yellow Dent, by Chas. F. Story, Franklin, and Silver Mine, by Ed D. Scott, Franklin.

The oats are donated by Wiley Todd and E. R. Hembrough, Jacksonville.

The seed may be had by any boy who resides in Morgan county, who was between the ages of 9 and 18 years on March 15, 1913, on condition that he pledge himself to keep a correct report of his proceedings from the beginning of soil preparation to the completion of crop harvesting, and fill out blank report to be furnished him by the superintendent and submit the report to the proper committee at the next Morgan County Farmers' Institute, which will be held in November or December, 1913, and exhibit ten ears of his corn, and one peck of oats at said farmers' institute.

Each school will be required to keep a tabulated record of the seed tests, giving the names of the farmers for which seed was tested, the number ears tested for each farmer, the total percentage of strong seed, the total percentage of weak seed, and the total percentage of dead seed in each case. Each school entering the contest must make a complete report to the county superintendent, who shall submit all reports from his county to the state agents in charge of club work named below, or direct to the office of farm management, bureau of plant industry, department of agriculture, Washington, D. C. These conditions must be complied with in order to make the school eligible for the prize.

It is recommended that a statement of this seed contest be transmitted to the local papers, to the teachers of your county, and by them to the farmers for whom the seed tests are to be made. In no case should publicity be given to the name of the farmer in connection with his seed value unless he has an unusually strong and very high grade of seed. The object of this contest is to help to secure for the state an adequate supply of vital, high quality, thoroughbred seed, and to this end we invite your hearty co-operation.

Yield per acre, 50 points; quality as indicated by exhibit at institute, 30 points; report, 20 points, making a total of 100 points.

Boys entering this contest are in no way barred from entering other contests or competing for other prizes.

It is desired that as far as possible boys will call at the office of the superintendent in person to get their seed, but where this is not possible they may send an order in writing by a friend, stating what amount of seed is needed and the variety desired, and have it delivered in that way.

Otherwise orders by mail will be promptly filled by parcel post upon receipt of request enclosing stamps for return delivery, at the rate of 8c per pound, plus 2c on each package for wrapping. To know how much postage is required, figure 6c for each pint of corn, and 8c for each quart of oats ordered.

Call or address all communications to Chas. H. Story, Ayers' Bank Building, Jacksonville, Ill., who will supply the seed and blank report to be filled out.

WARNING.
Drivers of vehicles found on the streets without a city license on and after April 1 will be arrested and prosecuted. George P. Davis, Chief of Police.

SERVICES AT CENTENARY CHURCH WELL ATTEND FRIDAY EVENING

Pastor Preaches Sermon on "The Gospel of the Mammoth Cave,"—No Service This Evening.

In spite of the stormy weather Friday night a good sized congregation was present at the services at Centenary church and the pastor, Rev. G. W. Flage, preached an excellent sermon on the subject: "The Gospel of the Mammoth Cave." There will be no services at the church to-night but they will be continued every night next week.

Rev. Mr. Flage took for his text

Isaiah 9:2: "The people that walked

in darkness have seen a great light;

they that dwelt in the land of the shadow of death have seen a great light."

Among the illustrations Mr.

Flage showed a floor plan of the

Mammoth Cave, using this to illus-

trate the fact that men cannot live

in the cave on account of its intense

darkness, that if they do stay there

for a long period they either become

crazed or die. He pointed out that the

cave represented the world of sin

and that Jesus Christ came on

earth as a great light, that through

Him the world would have life and

light. The sermon was presented in

a very interesting manner.

RELIGION OF THE DIFFERENT PRESIDENTS OF THE UNITED STATES

President Wilson is a Member of the Presbyterian Church and Only University Head to Hold Office.

Which church does he attend what is his profession, and similar questions always crop up when a new statesman takes hold of the government reins in Washington. More than that, the denomination which may rightfully claim a president always speaks of the matter with pride, as does his profession, though this is of less interest.

Woodrow Wilson and his forebears were Presbyterians and doubtless the new president will attend one of the large edifices of worship of that denomination in the capital. Not since Grover Cleveland's time has a president been classed as a Presbyterian. William H. Taft is a Unitarian; Theodore Roosevelt was a regular attendant at the Dutch Reformed church, and William McKinley was a Methodist.

Since the birth of the constitutional government there have been nine Episcopalians presidents, six Presbyterians, three Methodists, three Unitarians, three of the Liberal church, two Dutch Reformed, and one worshiper of the Church of the Disciples. George Washington was a member of the Episcopal church and so were Madison and Monroe; the Unitarians claimed John Adams, and Thomas Jefferson was a Liberal; the first Presbyterian was Andrew Jackson, and the first Methodist General Grant. The only follower of the Disciples was James A. Garfield, and both Andrew Johnson and Abraham Lincoln were Liberals.

Wilson Only University Head

On the professions, of course, the legal has predominated among our chief executives. Woodrow Wilson is the only university president and all-round educator to achieve the presidency. There were four renowned soldiers who went to the white house—Washington, William H. Harrison, Zachary Taylor and U. S. Grant. Other presidents saw service, but biographers are peculiar persons and are wary of giving much credit unless the subject's claims are A. 1 and some more.

For instance, Theodore Roosevelt, who was known a few years ago as the "hero of San Juan Hill," is classed by various biographers as a "politician."

Nineteen are Lawyers.

There are nineteen lawyers, as follows: John Adams, Jefferson, Madison, J. Q. Adams, Jackson, Van Buren, Tyler, Polk, Fillmore, Pierce, Buchanan, Lincoln, Hayes, Garfield, Arthur, Cleveland, Harrison, McKinley, and Taft. Among the lawyers, however, were some rather famous soldiers, such as Garfield, who was a general; Harrison, whose rank also was high, and McKinley, who always was addressed as major.

Thomas Jefferson went back to lovely Monticello on bidding farewell to official Washington. He was active, but never again took part in public affairs with the vigor of his earlier days. He died fifty years to the day after the promulgation of the Declaration of Independence, which was mainly his workmanship. John Adams went back to Quincy, Mass., and lived quietly when his work at the capital was completed. He also died on July 4, fifty years after he had uttered on the door of congress the words, "Independence forever." These were his last words, too.

When George Washington went home to Mount Vernon he became once more the gentleman farmer, though in 1798 he was induced to accept the command of the army as lieutenant general. He died a year later.

Mrs. S. S. S. Van Buren St., Kingston N. Y., (full name furnished on application), had such decided benefit from using Foley's Honey and Tar Compound that she shares her good fortune with others. She writes: "Foley's Honey and Tar Compound brought my voice back to me during a severe case of bronchitis and laryngitis. Oh, how many people I have recommended it to." City Drug Store—J. A. Obermeyer.

THE TRAIL OF THE LONESOME PINE

Through Eugene Walter's dramatization of "The Trail of the Lonesome Pine" sweeps the joy, the zest, the enthusiasm of youth in action, while Jane's primitive character is wonderfully developed by the deft skill of the clever dramatist in transferring Mr. Fox's book-girl to the stage.

The scenic conception of the lonely pine, the cabin, the conquest of the Gap from a moving background, full of color and naturalness, enhancing the portrayal of the primitive life of the deft

and sympathetic. The play will appear at the Grand Monday March 17.

AUCTION SALE OF TOWN LOTS!

On the Premises, Jacksonville, Ill.

Tuesday, March 25, at 2 P.M.

RAIN OR SHINE.

We have Purchased what we think the Best Piece of Land in Jacksonville for City Lots, namely,

The Old Morrison Property

ON GROVE STREET, and have a crew of men beautifying and platting this property into town lots, with streets and alleys, and on Tuesday, March 25th, at 2 p. m., we will sell these nice lots at public auction to the highest bidder, regardless of what they bring, on easy terms. No by-bidding. **NOW LISTEN:** When we say we are going to sell these lots at auction **WE MEAN** what we say. We will sell every lot put up, lose or win; that is our business. We are town lot men, and believe we know good stuff when we see it, and if this is not good stuff we are fooled one time.

You know that high class real estate is the best investment on earth; you know these are high class lots; know lots like these are scarce and high in Jacksonville; you know that lots sell cheap at auction; you know that a town that has grown to the importance that this town has, with her fine farming country, strong banks and business houses, cultured people, fine churches, good schools, to back her up; there is only one way for lots to go, and that way is **higher and higher**. So attend this sale. Buy a few of these lots and watch your money grow. This the last chance at these lots without paying a handsome profit, so get busy on day of sale.

\$10.00 IN GOLD FOR A NAME!

We will give the two ladies sending in the best name for this new addition \$5 each in gold, provided you are on the grounds the day of sale. All names must be sent to Walton Brothers at Pacific Hotel by Saturday, March 15th.

\$50 IN GOLD GIVEN AWAY. In order to show our appreciation of your presence on the grounds we are going to give away free \$50 in gold. You don't have to bid to get this gold, but you must be on the ground the day of sale. Brass band to entertain you. Come out and hear the noted auctioneers, Col. Igleheart of Kentucky, and Col. Reppert of Indiana. Come out and let's have one big afternoon. Your neighbor will be there.

A STRONG REFERENCE.

A young man recently applied for
a position with a large printing
house, and not having a letter of
reference, offered his bank book. It
showed a regularity of entries of de-
posit. It was a very strong recom-
mendation, indicating character and
persistency, which finally secured for
him a good position.

NOTES FROM THE LABOR WORLD.

Great Britain's textile mills employ more than 1,000,000 persons. A new union of pressmen was formed at Duluth, Minn., recently. International molders now have a total membership of fifty thousand. Fifty thousand children under the age of sixteen are at work in Pennsylvania.

Twenty thousand men are employed at Baldwin's locomotive works at Philadelphia.

Print cutters contemplate closer amalgamation with allied trades organizations.

The National Print Cutters' association of America will convene at York, Pa., on April 26.

A compulsory school attendance law has been introduced in the North Carolina legislature.

During the past year Kentucky, Maryland and New Jersey have passed ten hour laws for women.

A branch of the American Federation of Musicians has recently been established in Guelph, Ont.

The German Typographical union has now 65,000 members, 90 per cent of all the printers employed.

Of all the children in the United States up to 16 years of age, only about 12 per cent are in schools.

Improved child labor laws were enacted the last year in ten of the fourteen states that held legislative sessions.

A minimum wage has been adopted by the Denver city government of \$2.25 for unskilled labor and \$4.50 for men and teams.

The statutory establishment of a minimum wage of at least one pound weekly for agricultural laborers is looked for in England.

A league for the furtherance of strikes is being organized by Missouri Socialists. Members will pay ten cents a week for supporting strikers.

There are in Vienna 11,718 cabinet makers. The average working time of the cabinet makers is at present 54 hours weekly, as against 57½ hours in 1906.

The cost of food has increased only from three to six fold in two thousand years, while wages are now twelve to twenty times what they were in the time of Caesar.

The Association of Iron Molders of Alloa, Scotland, and district, has obtained an advance of 25 cents a week, which brings the standard wage up to 18 cents an hour.

A ten hour law for street railway employees has been introduced in the Colorado state legislature by Representative Kavanaugh, a member of the Street Car Men's union of Colorado Springs.

When Burton Holmes recently gave his celebrated travelogue on "Panama" at Orchestra hall, Chicago, he was seriously interrupted by continual coughing of the audience. No one annyoing willingly and if people with coughs, colds, hoarseness and tickling in throat would use Foley's Honey and Tar Compound, they could quickly cure their coughs and colds and avoid this annoyance. City Drug Store—J. A. Obermeyer.

TAXES! TAXES!! Are due and payable at the sheriff's office. Bring your last year's tax receipt or a complete description of your property when making payment.

UNION BAPTIST CHURCH.

Rev. L. N. Williams left yesterday for Bunker Hill where he will begin special meetings on Sunday. There will be no regular preaching service at Union Baptist church next Sabbath. At 11 a. m. the funeral of Charles Gilpin will be held at the church, conducted by Rev. J. E. Curry.

F. E. Walling, a farmer living near Yukon, Mo., strongly recommends Foley's Honey and Tar Compound and says: "I have been advised by my family doctor to use Foley's Honey and Tar Compound for my children when there was a cough medicine needed. It always gives the best of satisfaction and I recommend it to others." City Drug Store—J. A. Obermeyer.

BIG CARNIVAL OF SPORTS. St. Louis, March 14.—Never has an athletic meet in St. Louis brought together so many star performers as are entered for the big indoor meet to be held at the Coliseum tomorrow night under the auspices of the Missouri A. C. Though the most of the entries are from the big athletic clubs and colleges of the middle west the list is not confined to this section of the country. The star runners of Yale, Cornell and Pennsylvania will be seen in the relay races, which will be the leading events on the program.

BISHOP MORRISON TO DELIVER BACCALAUREATE SERMON

Announcement Made of Illinois College Graduation Exercises—Rev. Allan Tanner Commencement Speaker.

At the chapel exercises Friday morning President Rammelkamp made announcement regarding commencement arrangements at Illinois College. The Baccalaureate address will be delivered this year by the Right Reverend Theodore N. Morrison, Bishop of Iowa. Bishop Morrison is an Alumnus of Illinois College of the class of 1870. He was graduated from the General Theological Seminary of New York in 1873. After graduation from the Seminary Mr. Morrison was engaged in religious work in Pekin, Illinois. He then became rector of the Church of the Epiphany in Chicago where he served for over twenty years. He was consecrated Bishop of Iowa in 1899.

Bishop Morrison has been greatly interested in educational work and is a speaker of considerable ability. He was awarded the honorary degree of D. D. by his Alma Mater in 1895 and the degree of S. T. D. by the Western Theological Seminary in 1905. The Baccalaureate exercises of the college will be held this year in the Congregational church.

Commencement Speaker.

The Reverend Allan A. Tanner, of the First Congregational church of Denver, will deliver the commencement address on Wednesday, June eleventh. Mr. Tanner is also an Alumnus of the College of the class of 1888. He is a son of the late Dr. Edward A. Tanner, who for ten years served as president of the institution.

Mr. Tanner is a preacher of progressive ideas who has had an interesting career. After graduation from college he spent a year in newspaper work and then attended the Yale Divinity school. He interrupted his Theological studies in order to return home to help his father solve certain financial problems in the administrative work of the college. Dr. Tanner did especially effective work in raising money for the construction of the gymnasium at Illinois College. He was graduated from the Chicago Theological Seminary in 1893 and then undertook home missionary work in a mining camp in Colorado. He has held pastorates at Pueblo, Colorado; Alton, Illinois and is now serving his fourth year as pastor of the First Church in Denver. Mr. Tanner has been particularly interested in sociological and industrial problems. In order to get a sympathetic understanding of these problems he worked for two years and half as a laborer in various offices and shops. His church in Denver is noted for the large number of business and professional men who constitute its membership. Mr. Tanner's address at Commencement will be on the topic: "Sources of Social Progress."

A Word of Caution.

One should be exceptionally careful just now about taking cold, and when a cold is contracted get rid of it as quickly as possible. To accomplish this you will find Chamberlain's Cough Remedy excellent. It is not only prompt and effectual but is pleasant and safe to take, and has a reputation of forty years back of it. For sale by all dealers.

Health Warning.

Chilled and wet feet result in congesting the internal organs, and inflammation of the kidneys and bladder, with rheumatic twinges and pain in back, generally follow. Use Foley Kidney Pills. They are the best medicine made for all disorders of the kidneys, for bladder irregularities, and for backache and rheumatism. They do not contain habit forming drugs. Tonic in action, quick in results. City Drug Store—J. A. Obermeyer.

JACKSONVILLE CIRCUIT.

The following are the appointments for Sunday March 16th: Hebron—Sunday school at 9:30 a. m.; preaching service at 10:30 a. m. Shiloh—Sunday school at 9:30 a. m.; preaching service at 3 p. m. Salem—Sunday school at 2 p. m.

Chamberlain's Tablets.

These Tablets are intended especially for disorders of the stomach, liver and bowels. If you are troubled with heartburn, indigestion or constipation they will do you good. Try them. For sale by all dealers.

Headache? It's Your Liver

Too Many People Take Headache Powders When a Liver Tonic is Needed

Try Olive Tablets—The Substitute for Calomel

Anyone who takes Dr. Edward's Olive Tablets the moment he suspects his liver or bowels, will never have headache.

There is no necessity, when you take Olive Tablets, of following them up with nasty, sickening griping salts or castor oil, as you should after taking calomel.

Olive tablets do not contain calomel or any other metallic drugs; they are a purely vegetable compound mixed with olive oil, sugar coated, easy to take, and never gripe or cause weakness.

Thousands of people take one every night at bedtime just to prevent disorder of the liver, constipation, bad breath, pimples, headaches, etc. Dr. Edwards, calomel's old enemy, discovered the formula for Olive Tablets after seventeen years of practice among patients afflicted with liver and bowel troubles.

Try them for a week. Take one on retiring nightly.

"Every little Olive Tablet has a movement all its own." 10¢ and 25¢ per box.

The Olive Tablet Company, Colum- bus, O.

BANK WAS ROBBED.

W. R. Brittenham returned Friday evening from a business trip to Monticello, Sullivan and other places in that locality. He was at White Heath, a small town near Monticello where robbers looted the bank early Friday morning carrying away \$1000 in money. Securities and bonds were taken from the vaults to the value of \$40,000 but were left at the railroad station by the robbers as they made their escape. Mr. Brittenham said that naturally all the people in the vicinity of the little village were greatly excited and the bank robbery was the one theme of conversation.

Bloodhounds were secured and followed a trail which led to the interurban tracks and there stopped so it was pretty well established that the robbers departed by interurban.

The Approach of Spring

Every passing day brings us one day closer to spring, as well it brings us a day nearer the spring footwear question. Our shelves are now heavily loaded with large assortments of spring footwear styles. We ask you to make your selections early while the assortments are strong and sizes good.

There is a large assortment of styles and materials. No one style is to be the whole thing. You can make your selection from an unusually large range of styles. Make your selections early is our plea.

MORTUARY

Moon.

Relatives in the city received word Friday announcing the death of Mrs. Joseph W. Moon, who passed away at her home in St. Louis Thursday afternoon. Mrs. Theodore Tyrrell, who resides east of the city and who is a sister of Mrs. Moon, received a telegram Thursday, announcing that her sister was seriously ill and she went to St. Louis Thursday afternoon via the Chicago & Alton.

Mrs. Moon was the wife of Joseph W. Moon of the Moon Buggy Company and the Moon Automobile company of St. Louis, and had a wide circle of friends in Jacksonville and Morgan county having visited here a number of times. Funeral services will be held at St. Louis this afternoon and among those who expect to attend are Miss Zoe Tyrrell, Mrs. Irving Wood and Dr. and Mrs. Charles E. Scott.

Nordstrum.

Mrs. Oscar Faugust has received the sad news of the death of her brother-in-law John Nordstrum, who passed away Thursday morning at 11:28 at his late home in Dayton, Iowa. The deceased was the leading druggist of his home town and a man held in high esteem. Mrs. Nordstrum is the sister of the late Oscar Faugust and has often visited in Jacksonville, where she had many friends who will sympathize with her great loss. The deceased is survived by his wife, three children, Jennie, Fred and Harold and two brothers.

FUNERAL NOTICE.

The funeral of Kenneth Anderson, the young man who was run over and killed by a train at Litchfield Thursday, will be held Sunday afternoon at 2:30 o'clock from the M. E. church in Franklin, Rev. Peter Kettle being in charge.

PRESENTS EVIDENCE.

Peoria, Ill., March 14.—The hearing of the Dailey-Boulware contest for a seat in the Illinois state senate from this district continued all day. The contestant finished presenting his evidence before the adjournment this evening. The inquiry of the senate sub-committee will probably end tomorrow afternoon.

Boulware's request for a recount of the vote on senator in Peoria county was refused. It is stated that while there were differences in accounting and extending totals, no evidence of more serious error was discovered at the hearing today.

ARE INSPECTING CANAL.

Colon, March 14.—The American yachts Mayflower and Delphin arrived here today from Guantamano with a party of members of the congressional naval affairs committee and their families on board. Representative Frank Buchanan of Illinois, however, left the party at Guantamano owing to sickness.

The members of the committee intend to remain here until March 19, inspecting the canal and the fortifications.

ARE PLANNING FOR CIRCUS

High School Students Expect to Put On Big Show at the Time of the W. I. H. S. L. Meet in May.

If plans work out which the high school students have in mind now, one of the biggest home talent circuses ever put on in the city, will be seen in the vacant lot back of the high school building. It is planned to hold the circus the night of the Western Illinois High School league meet, which will be here the first week in May. It will be a two ring circus and no stone will be left unturned to make the event memorable in the history of the school. Ideas will be drawn from the big circuses of the country and at an early date committees will be appointed to look after the various departments of the show. If the new eighth grade building is started before that time another suitable location will be selected.

FOUR COMPANIES OF MILITIA : CALLED OUT TO QUELL RIOTING

tigers." Five or six barrels of whiskey and 75 cases of beer were seized and their contents poured into the streets.

Quiet at Midnight. At midnight the streets were practically deserted. Three companies of militia are encamped in the court house yard across the street from the jail. When the militia began preparations to bivouac for the night the members of the mob turned all their attention to watching them—apparently forgetting the man in jail whom a few hours before they were endeavoring to get hold of.

Salem, Ill., March 15.—When Adjutant General Frank S. Dickson arrived at Salem 1 a. m., everything appeared quiet and military and civil authorities in charge reported that no outbreak was anticipated. The arrival of the Olney company was a surprise to the crowds which were gathered about the jail and who openly voiced their determination to take Sullens from the jail. Sullens, according to the sheriff said he was to receive five dollar for delivering the girl into the hands of Ernest Harrison, who was later arrested. Harrison denies the charge. Two weeks ago, Sullens told the sheriff he knew who killed Robert Miller whose body was found in an old well six miles from town. Later, he said it was all a joke. He also implicated Harrison in this case.

Wells had all the better of the first round, jabbing his left repeatedly to Smith's face and cleverly blocking Gunboat's attempt to counter. A hard left hook followed with left and right to the wind puzzled Smith. He made wild attempts to land, missing several swings while Wells got in lefts and rights to the face and a right upper cut on the neck. Smith was wild throughout the round, only succeeding in landing a couple of lefts on the face.

Wells came out of his corner for the second round, smiling and confident, but Smith rushed at him, landing a hard right in the stomach. Smith rushed, hooking his left to the head and landing a right overhand swing to the jaw. Wells went down for a count of five seconds and got up dazed. Smith was right on top of him, hooking left and right and with a left hook to the jaw and a right swing to the back of the head, sent Wells down again for a count of nine.

Wells struggled to his feet but was hardly able to raise his hands in defense, while Smith crossed his right full to the point of the jaw, sending Wells down and out for good.

While Wells was on the floor for a count of six the bell rang ending the round but he still lay helpless. He had to be carried to his corner and it was nearly ten minutes before he was able to leave the ring and then he had to be assisted.

The result was a complete surprise as after the first round the majority of the onlookers thought that Wells would win easily.

He out-pointed and out-boxed Smith so decidedly in the opening session that no one thought the Californian had more than a lucky chance for victory.

But Smith's rushing tactics and swift work with both hands in the second round non-pulsed the British boxer and from the time of the first knockdown Wells was unable to put up anything in the line of defense.

The men weighed in at the ringside as follows: Wells, 192; Smith 182 1/2.

SENATE VICE-COMMISSION MAKES SURPRISE VISIT IN PEORIA

Thirty Persons Subpoenaed As Witnesses Before News Leaked Out.

Peoria, Ill., March 14.—The Illinois senate vice-commission paid a surprise visit to this city today and before the news leaked out thirty persons had been subpoenaed to appear as witnesses tomorrow.

Besides the big merchants and manufacturers of the city who employ women and girls the chorus girls and actresses of two theaters were summoned.

The commission as has been in practice, will endeavor to ascertain what knowledge the witnesses have to the relation of the low wages to immorality. It is expected in addition that the alleged temptations incident to theatrical life will be gone into.

EXPTC BATTLE TODAY. Naco, Ariz., March 14.—Both fedals and rebels are prepared for battle which is expected to open in the morning. General Ojeda admits his position is precarious but declares his men will fight the rebels to the end, and says they will neither ask or give quarter.
